

The Lady I'd Like to Be

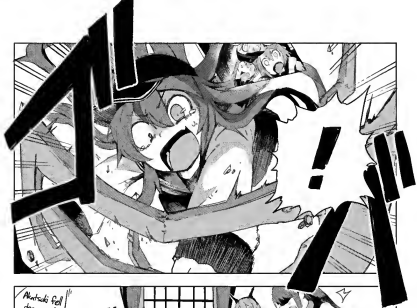

by Kutsugaeru

But we battleships are not equipped with anything that would allow us to retaliate to them.

I'm sure that you already know,

That would be... Enemies who hide themselves underwater.

That we are able to focus all our efforts on defeating the enemies in front of us.

It's only thanks to your constant protection

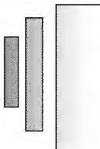

You destroy-ers are different.

To become an accomplished lady, you should stick with the things only you can do.

There's no need for you to aspire to be someone like me.
